

# Dilip Bist

## Front-end Developer (Fresher)

**Portfolio Link:** <https://dilipbist.github.io/Dilip-portfolio/>

### OBJECTIVE

I'm a recent graduate with a strong passion for the frontend development having a good understanding of HTML, CSS and JavaScript. Though I'm just starting my professional journey, I've spent a lot of time in learning and working on my personal projects where I focused on building websites that are not only visually appealing but also easy for users to use.

I'm looking for an opportunity to work with a team where I can continue to learn, grow my skills, and contribute to projects that make a real impact. I'm excited to bring my creativity and eagerness to a company that values fresh ideas and collaborative problem-solving.
